

113

With F.M.L.

We understand four women have applied for jobs at Alcoa for plant potline duty. Two, it is said, decided against the work, but the other two may put Alcoa to the test and work there.

The money's good, but is this what they mean by "women's lib?"

113-113-113

Kenneth Clark, in "Civilization", a 12-part BBC TV series and a book compiled from the scripts, summarizing:

"I said at the beginning that it is lack of confidence, more than anything else, that kills a civilization. We can destroy ourselves by cynicism and disillusion, just as effectively as by bombs...."

Then he quotes from Yeats: "Things fall apart; the centre cannot hold;

Mere anarchy is loosed upon the world,

The blood-dimmed tide is loosed, and everywhere

The ceremony of innocence is drowned;

The best lack all conviction, while the worst

Are full of passionate intensity."

"That was certainly true between the wars, and it damn nearly destroyed us. Is it true today?"

He concludes that Marxism is a moral and intellectual failure, leaving what he calls "heroic materialism" which "isn't enough."

Described as one of the most civilized of Englishmen, Clark says "there still is no centre".

113-113-113

We suggest the centre of anything is momentum, like the core of the earth, molten, white hot, active energy. Allowed to cool, it becomes rock. Poorly channelled, it explodes into volcanic eruption or earth tremor. Understood and tapped, it is the essence of life itself. Fire is light and light is life, as sun stokes life on earth, which otherwise would be moon-like and inert.

Minerva Post Office To Close

The Cameron Post Office has agreed to close the Minerva Branch Post Office after October 13. According to Cameron Postmaster Narvie Caperton, the postmistress' health makes the closing necessary.

Minerva residents will receive their mail through Cameron and Rockdale rural route carriers, Caperton said.

BEN MILAM students enjoy a visit from the Cameron Volunteer Firemen and a real fire truck at school Monday. Shown at right is Volunteer Fireman president Lloyd Rider, who explained the "workings" to the children. The visit was in keeping with activities at school during official Fire Prevention Week.

Yoemen Travel To Lampasas Friday Night

By Marilyn Hauk

The Cameron Yoemen will clash with Lampasas Friday night in Lampasas at 8 p.m. Lampasas has a very good ball club. They utilize size by using a very tight T formation.

Lampasas has two very adequate passers in Terry Simmons and Danny Dove. They like to stunt on defense plus the fact that they average about 200-205 pounds in the defensive line.

"We must not fumble the football and we must get more consistent on offense if we are to win," said Coach Cauley. "Our defense has got to get the ball in good field position."

Lampasas is as large if not larger than Rosebud-Lott.

Probable starting lineup:

OFFENSE

SE--Thweatt
LT--Pitts
LG--Joe Trdy
C--Horellca
RG--Tumlinson
RT--Mike Trdy

Awards Banquet Set For 4-H Members

By Christine Laws

Saturday, October 14, is a big night in Milam County. A total of 72 Milam County 4-Hers will be honored at the annual Milam County 4-H Awards Banquet to be held at Simon-George Hall at 7 p.m.

This is the largest group to ever be honored at the annual banquet and shows the result of a lot of hard work, time and effort on the part of the 4-Hers, their parents and adult leaders.

The 4-Hers being honored range in age from six to 19 and come from all parts of the county, including Cameron, Rockdale, Thorndale, Gause, Maysfield, Minerva and Davilla.

Some of the 4-Hers will be receiving awards consisting of trips, jackets, plaques and trophies. The banquet is sponsored by the Milam County 4-H Council and the 4-H Clubs of Milam County.

Special awards will go to the senior poultry judging team which won the state 4-H poultry judging contest in June. The boys will be presented with jackets at the banquet, provided by local sponsors.

Awards of appreciation will be presented to various local businesses, government and communications people for their support of 4-H.

The evening will be topped off with the announcement of two big secrets. The outstanding 4-H boy and girl in the county will be recognized and named 1972 Gold Star Boy and 1972 Gold Star Girl.

Following this the winners of the Mr. and Miss 4-H contest will also be announced. All the 4-H Clubs in Milam County are participating in this contest.

A total of 177 4-Hers, parents, leaders and guests are expected to attend this event and help honor these outstanding youngsters.

Elusive Chalone May Hold Key To Cancer

NEW YORK

A new facet in cancer research is opening up in laboratories around the world -- the hunt for the elusive chalone.

Scientists are not at all certain there are such things as chalones (pronounced kay-lone) although most admit there should be something like them in living cells. The important thing is that if chalones can be found it might be possible to cure all forms of cancers with serums and it would not even be necessary to find the cause of the disease.

Normal cells divide very slowly if at all. The process of division, or reproduction, is called mitosis.

Sometimes, however, cells go wild, reproducing madly. That is cancer. The obvious question is why most cells never go out of control.

Some scientists now believe there is something in the cell that inhibits mitosis. They call it a chalone, a Greek nautical

word meaning to "slack off."

Some even think there are two substances, the chalone and an anti-chalone. In a normal cell, the theory goes, both substances are balanced with the chalone dominant.

Somehow an anti-chalone element gains dominance and the cell turns cancerous.

The concept grew mainly out of three men: Paul Weiss of Rockefeller University, William S. Bullough of Birbeck College, London and O. H. Iverson of Oslo, in 1957.

They have convinced enough scientists for them to hold a convention last spring. That in turn produced widespread interest in the idea.

It is an attractive one.

Research has indicated that chalones are tissue specific but not species specific. That means you can take a chalone from the liver of a pig and use it to stop mitosis in a human liver cell. It seems reasonable to be-

lieve a serum could be obtained from animals that could stop specific cancer growth in humans just as horse serum has been used to fight tetanus.

The easiest cells to work with are skin cells, which never divide when healthy.

A researcher in Philadelphia, Dr. Dharam Chopra of Temple University, is using psoriasis cells. Psoriasis is an uncomfortable skin disease that is technically a cancer although it is not malignant and is more unsightly than fatal.

Serum taken from psoriatic cells--which would logically be heavy with anti-chalones--have been introduced to normal skin cells. Chopra says they began to divide. Serum from normal cells--weighted with chalones--have no effect.

He is convinced the white powder he is extracting from cells contain chalones although he says he has no idea how they work.

Finnish scientists Tapio Ry-

tomaa took chalones from normal rat cells and rats suffering from chloroleukemia, a fatal blood cancer. The chalones were injected into the sick rats.

The life expectancy is 12 days. Three rats are still alive three years later and the life of all the treated rats exceeded the normal.

It is now believed possible that cancer occurs when the chalone substance-believed to be a protein--breaks out of the cells and into the blood stream faster than usual.

That may account for the fact cancerous animals appear to have a high chalone content in their blood.

Convinced the chalone advocates may be up to something, the National Cancer Institute has awarded its first grants in chalone research.

"The field of cancer research," Bullough said, "is not so rich in ideas that it can afford to ignore this one."

Bond Issue Called For Oct. 28 Vote

Cameron school trustees set a date of October 28 for the election on the \$1,250,000 school bond issue at a regular meeting Monday night.

Trustees heard that the market on bonds is "good" and when the bond issue passes an interest rate of 5.19 would probably be available.

Trustees also heard complaints from three sets of parents about "licks" their boys received at Cameron Junior High School.

The bond report came from Davis McGill, financial advisor from A. G. Edwards Co., in Bryan. McGill explained to trustees that two propositions would be on the ballot -- one to approve the bond issue and the other a maintenance tax to pay for the bonds.

He said the maintenance tax needed approval in order for the school to get the best rate on their bonds. It would mean higher interest if the two propositions were not on the ballot, McGill said.

"If you vote bonds, both propositions must pass," he told trustees. He explained that a legal limit on school tax rates is \$1.50, however a school district could increase the market value rate on taxable property for more revenue.

A tax rate of \$1.40 would be needed in the Cameron school district to finance the proposed bond issue.

The three sets of parents appeared before the board to object to "licks" their boys received from junior high principal William Huffman. They repeatedly said they do not object to discipline if it is needed, but said the principal should not "use all his force" when inflicting punishment. One parent described the paddle used for licks as being a "one by four," and showed pictures of her son's bruises on his leg.

Two of the parents took their sons to a local doctor, who said there was no permanent damage done, the parents said.

Supt. D. R. Dodson said he talked to Huffman after parents called him, and Huffman said the boys turned after the first lick and received the second one on their legs.

The punishment was reportedly handed to about 15 boys for alleged misbehavior during an eighth grade football game, the parents said.

Supt. Dodson said the schools

have problems at every game with kids under the stands or in the stands.

Dodson promised the parents that he "will do my best to see that it won't happen again." Board member Mrs. Betsy Brown told Dodson, "We can't allow children to be hurt."

The parents repeated that they didn't object to discipline, but do object to the "type of instrument used and the force behind it."

In other business, the board accepted the resignation of Miss Davida Applebaum, home ec teacher, effective Dec. 31. Trustees also approved school audits and changed the meeting time to 7 p.m. starting in November.

Board member Charles McDermott reported that Wally Eldred, owner of the Cameron Livestock Auction, proposes to offer \$500 each year to a senior ag student. The board accepted the proposition.

James Camp, co-chairman of the school bond information committee, showed brochures which will be distributed among school patrons to explain the bond issue.

Board member Bently Hause complained that the school's dress code is apparently not being enforced, according to what he had been seeing. Supt. Dodson said he would look into the matter.

Small Child Drowns In Pond

Elizabeth Ann Huff, 4, daughter of Mr. and Mrs. Clyde Huff of Rt. 1, Buckholts, drowned in a stock pond near her home in the Friendship community Saturday.

Funeral was held at 2 p.m. Monday at Marek-Burns-Laywell Funeral Home, the Rev. Ervie Braun officiating. Burial was in the Friendship Cemetery.

Surviving are her parents; two sisters, Lisa Ann Huff and Laura Ann Huff; a grandmother, Mrs. Dorthe Robertson, all of Friendship; and a grandfather, Clyde Huff, Sr. of Dover, Maine.

EARLY DISMISSAL

The Cameron schools will dismiss at 2:45 p.m. Friday because of the football game to be played at Lampasas. The schools will also dismiss at 2:45 p.m. on October 27.

Good Crop - Low Prices

By Bill McCutchen
Milam County Agent

While 1972 has been a good crop year it may not necessarily be reflected much in farm income.

Farmers have been doing business at prices substantially out of the 1950's while the cost of goods and services they buy are straight out of the 1970's. How can they survive buying high and selling low? Many of them don't. Drive around Milam County and count the abandoned farmhouses.

In the last twenty years, nearly half of our farmers have left the land for already crowded cities because ends couldn't be met.

Here's a real eye-opener

Next time you're at the supermarket, price a 5 pound bag of flour, a 5 pound bag of corn meal and a 5 pound bag of potting soil. You'll find it's no exaggeration to say our farmers sell their products cheaper than dirt.

Check the average yearly prices received by farmers as reported by the USDA:

	1951	1971
Cotton (100 lbs)	\$37.88	\$28.46
Grain Sorghum (100 lbs)	2.36	1.84
Cattle (100 lbs)	35.72	33.12
Corn (bushel)	1.66	1.08
Wheat (bushel)	2.11	1.31

The farmer hasn't had a major price increase in the goods they sell for a generation.

It's Worth It....

It's National Newspaper Week. A newspaper is a privately owned, public institution. This one happens to be 113 years old, and getting younger. We try to serve the public, rich and poor, literate and less literate and those between. We are planning expansion,

which says some of the things a newspaper is supposed to do we are doing. When we're in controversy, it is in your interest. And we are usually in controversy. It's like that any week, not just National Newspaper Week, October 8-14. All things considered, it is worth it.

Bond Program Meeting...

We urge people to attend the public meeting Tuesday, October 17, at Cameron Methodist Fellowship Hall concerning the proposed \$1.25 million bond issue. Speakers are going to the various clubs around town and CISD district for first-hand presentations. The October 17 meeting is the only general public meeting scheduled in an otherwise busy schedule of guest presentations to organizations. All facets of the proposal will be developed at the public meeting, community and

school leaders advise. And it will allow free exchange of ideas and questions about the proposal in part or in its entirety. An October 28 bond call date was set this week in a called CISD board meeting. That allows about three weeks for people to inform themselves on the question. You might mark your calendar for 7:30 p.m. Tuesday, October 17, so that you may have your first-hand information if you miss it in one of the various club presentations.

HOME EC SPECIALIST

Mrs. Vivian H. Blair of Sherman was appointed family life education specialist-aging with the Texas Agricultural Extension Service, Texas A&M University.

ADDS AGRIBUSINESS

Dr. Wayne A. Hayenga on Oct. 1 assumed the position of economist - agribusiness with the Texas Agricultural Extension Service. He will be on the headquarters staff at Texas A&M University.

TAP FEATURED

Texas Agricultural Products (TAP) of 23 Texas producers and processors will be exhibited in the refurbished Texas Food and Fiber Pavilion during the "Dazzling Thirties" State Fair of Texas, October 7-22.

Only the Newspaper

Between 1713 and 1745, the growth of literacy in early America was spurred by the founding of 22 newspapers.

NEWSPAPER WEEK '72 OCT 8-14

"Low Down"

FROM THE CONGRESSIONAL RECORD

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

TRUTH ABOUT GRAIN SALES TO RUSSIA

SENATOR PAUL J. FANNIN (Ariz.)... I do not understand why there is this great hue and cry about the grain sales to Russia.

"The first accusation made is that the grain sale credit agreement with the Soviet Union was negotiated in April and was not announced to farmers and the public until July 8.

"This accusation is absolutely false. The agreement on credit was negotiated starting June 28 and was completed on July 8. The details were announced to the public immediately after the agreement was signed...

"Another accusation is that the farmers were not notified of the agreement and thus sold wheat before they were aware of the agreement... Farmers 1 week after the agreement was signed STILL RETAINED CONTROL OF APPROXIMATELY 83 PERCENT OF THE 1972 AND OLD CROP WHEAT STOCKS. "That certainly answers that accusation...

"Wheat certificate payment to farmers will be reduced approximately \$130 million, but farmers will benefit from

increased prices for wheat sold for export, which will be the largest in history... The value of feed grain, wheat, and soybean stocks controlled by farmers including the 1972 harvest, will increase in value by approximately \$1 billion, primarily as a result of the sales to Russia...

"Another accusation made is that exporters were tipped off to a potential change in the export payment program a day and-a-half in advance and used this to their advantage.

"This is not a fact. The fact is that exporters were called and notified that a change in export policy had been made on sales made prior to the previous day. This was to immediately prevent overselling of certain classes of wheat...

"No information was given to them concerning what action would be taken. That was determined publicly after the market closed...

"Another accusation--and I could go on and on, but I give just one more--the Russians received more

OLD PHILOSOPHER

Dear editor:

Everybody has heard about the blight of the cities, the ghettos, the inner city turmoil, the power failures, the crowded schools, crime in the streets, burglaries, triple-locked apartments, drugs, police corruption, high taxation, un-repaired streets, garbage pile-ups, hopeless traffic jams, pollution, cross-town pupil busing, corruption, near bankruptcy, but how desperate big-city life finally has become has just now come to light.

It's the television black-out of home games. As I understand it, if you live in a city big enough to have a professional football team, the only way you can see your team play at home is to buy a ticket to a seat in the stadium. No home games are televised in the home city. Any T.V. station reaching the city is blacked out as far as that game goes, although it's free to carry a game from some place on the other side of the country. Basically, it's like saying you can follow the Yoemen to out-of-town games but can't see them play at home.

This is the final blow that has made big-city life unbearable, and Congress is trying to do something about it. What it's trying to do is pass a law requiring the black-out to be lifted when the game is a sell-out, which is so reasonable it probably has no chance of passing. In Washington, for example, I understand the Redskins' games are completely sold out for the rest of this season, but the only people in Washington who can see them play at home are the people who have tickets, leaving the hundreds of thousands of other Redskins fans gnawing their fingernails on Sunday afternoons.

Obviously Congress has got to do something about this or it will bring on the total collapse of big cities. People will flee them to the country where they can see any game they please, and you get that many people scattered out over the country and not even the country will be a fit place to live.

Congress is on the right track and this anti-black-out law ought to have top priority. We've got to keep city people in the city, except for the occasional desirable ones who're smart enough to move to Milam County, although I'm not sure all of those have been checked on.

Yours faithfully,
J.A.

Housing Record

Despite timber shortages, enough lumber and plywood was produced in 1971 for a record 2,080,000 homes.

Solid western wood boards lend a warm feeling to bathroom walls.

Designers suggest beamed, wood-decked ceilings as an effective way to beautify a room.

Warring Factions Unite In Wanting Troops Out

By David Mathew

BELFAST
Protestants and Catholics in embattled Belfast now seem united on at least one point--they want Britain's crack paratroop regiment removed from patrol duty in Northern Ireland.
Both sides charge that the

paras, as they are commonly known, have used intimidation tactics and been guilty of brutality.
Condemnation of the paras actions has increased since "Bloody Sunday" in Londonderry on January 30. Following a civil rights march there, the troops were stoned

and, in a resulting clash between paras and rioters, 13 civilians were shot to death.
Now, citizens of the Catholic Ballymurphy district say the situation has reached a point where 1,200 families may be evacuated from their homes unless the paras go. And people in the Shank-

hill Road area, the heart of Protestant Belfast, have organized an inquiry into a battle between the paras and gunmen on September 7 when two civilians were killed.
The refusal of Britain's administrator in the province, William Whitelaw, to call such a probe resulted in this week's "all-party" conference on Northern Ireland in Darlington, England, being boycotted by the Reverend Ian Paisley, leader of the Democratic Unionist Party.
The general allegations of brutality have been refuted by officers of the paratroop regiment.

But a spokesman for one of the two battalions which have been serving here says: "Sometimes it is necessary to use hard-nose tactics. One has to judge a situation by the level of incidents."
It has been the task of the paras -- part of Britain's 21,000-man force in the province -- to prevent violence between Protestants and the Roman Catholic minority.
They are involved daily in patrols and sometimes house-to-house searches for arms and ammunition used by militants on both sides, but particularly by the outlawed Irish Republican Army (IRA), which supports

the Catholic standpoint.
Frequently the paras come under sniper fire.
But the paras' own methods of operating have been termed provocative by independent organizations, including a seven-man American civil rights group which toured Northern Ireland last week.
Members of the group, here under the auspices of the U. S. National Catholic Conference for Inter-racial Justice, visited Ballymurphy and said some of them were spread-eagled against a wall and searched, even though they produced Amer-

ican passports.
"I would condemn their overtly provocative behavior in any part of any country," said one member, Dr. John Palikowski from Chicago.
Recently Paddy Devlin, chief spokesman for the Social Democratic and Labor Party, the main Catholic opposition group, set up a center in the heart of Ballymurphy where local people can file complaints involving the paras.
The Belfast Sunday News ran a picture story on an 18-year-old youth who claimed he was picked up

by the paras three times in one week and beaten badly. The army said the youth assaulted a paratrooper who was then forced to defend himself.
WOODS OWL HOOTS:

COUNTY AGENT'S NOTES

Swine Meeting Set October 16

By Bill McCutchen
Milam County
Extension Agent

Swine management tips and swine herd health will be topics of discussion at a countywide swine meeting October 16 in Cameron. The producers meeting will be held Monday night, October 16 at 7:30 p.m. in the Vocational Ag Building in Cameron.

Dr. Bill Thomas, Extension veterinarian will deal with swine health problems including diseases, stress and parasites.

All swine producers and others interested are welcome to attend.

SCREWORMS

The worst screwworm outbreak since the program was initiated continues to plague Texas and the problem will be here at least until the first freeze.

Milam County has had confirmed screwworm cases every day since sometime back in mid June. The extent of the problem is really not known as many producers are failing to turn in suspected cases.

The thing that would help this program the most would be a cold winter. Something that we haven't had in a few years. A cold winter extending into South Texas would kill out the screwworm in most of Texas and give Mission lab a chance to get reorganized and hopefully push the screwworms deep into old Mexico.

1973 CROP START

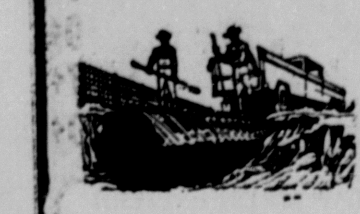

Give careful attention to present field conditions and crop residues as these will have a big influence on your crop yields next year.

A high percentage of our annual rainfall comes during fall and winter months, so it is important to begin refilling the soil's water storage capacity. Some of our deep, fine-textured soils will hold two or more inches of available water per foot of depth. This deep moisture is what sustains the crop when the going gets rough next July and August.

Good crop residue management requires that stubble be shredded right behind the harvester while it still has a high moisture content. You can't expect to make top yields next year if you graze grain sorghum stubble or let harvested cotton resprout and grow this fall.

Get your land ready to take the water when it comes. An inch of moisture stored deep in the root zone this fall will go much farther toward high yields than an inch of moisture in the form of short, summer showers next July or August.

CORRUGATED STEEL DRAINAGE PIPE

It's Strong & Easy to install. Uses include road culverts, ditch crossovers, stock water supply lines, and driveways. Durable zinc-coated corrugated steel pipe is available in diameters 6 to 120 inches. Shipment can be made 1 to 3 days notice.

Milam 4-H members entered several animals in the Heart O' Texas Fair in Waco, Oct. 1 thru 7.

Linda Lemons of Cameron showed her Gurnsey heifer. Linda's heifer placed 5th in her class. Linda has shown before at the Waco Fair and plans to enter other livestock shows this spring.

Gary Hollas, Cameron entered a Brown Swiss heifer and placed fourth in a large Brown Swiss class. Gary won his heifer through the Houston Livestock Scramble. This is Gary's first time to show and he plans to enter Houston Livestock Show in February.

Donald Fleming, Daniel Richardson and Brian Cobb entered the Jr. Dairy Judging Contest at the Waco Fair on Saturday, October 7. The team entered the contest in order to gain experience for future judging contests. The team is being coached by Reeves Brown of Cameron, rancher, farmer who was a member of the Texas Tech Dairy Judging team.

Thorndale 4-H members, Darlene Hengst, Wynona Scroggins and John Caffey entered five Brangus heifers in the fair. Darlene placed fifth, John placed third and Wynona's 3 Brangus heifers placed fifth, sixth and 11th. All three 4-H members plan to enter the county show in Cameron, Houston, San Antonio and Austin Livestock Shows.

DOMINO - The first pure-bred Limousin bull ever to be sold in Texas, will be auctioned off at the State Fair October 13 at the Pan American Livestock Arena. Domino, owned by Blue Meadows Ranch Ltd. of Winnipeg, Canada, will be on display a few days before the sale, and will be the only bull featured in the otherwise all-female Limousin cattle sale.

Trade With China To Open New Grain Market

The recent sale of wheat to mainland China is only an indication of a significant new market for some Texas producers, especially the feed grain producers, according to an international market analyst at Texas A&M.

Over a year ago, Dr. Randall Stelly, associate professor with the Texas Agricultural Experiment Station, predicted that trade relations would improve after President Nixon announced his decision to travel to China. Last week, the U.S. Department of Agriculture said China had ordered about four hundred thousand tons of U. S. wheat, the first order from Peking in over 20 years.

Stelly noted the 15-million bushel order is small compared to the recent Russian purchase agreement, but predicts it will open a tremendous new market for Texas feed grain producers.

China is the world's largest pork, chicken and duck producer, although the operations are still largely privately owned. Stelly thinks that China will soon follow Japan in developing large scale hog and poultry industries and will become a large buyer of feed grain.

Texas grain sorghum has been steadily increasing since 1962 and for the last

four years has led the nation with over 300 million bushels annually, almost 45 percent of the total U. S. production. Export sales represent about a 100 - million bushel market, an outlet particularly vital to the Texas grain sorghum economy. Practically all U. S. grain sorghum exports go through Texas ports.

Cash receipts to Texas grain producers in export sales were about \$134 million in 1971. Stelly anticipates that when the Chinese pork and poultry industries are commercialized, the state annual export sales could soar to \$200 million, or more, by 1980.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Hog Cholera Outlook Uncertain... Calf and Cattle Marketings Increase... Poultry Situation Summarized... Food, Fiber Pavilion Ready...

The Texas swine industry is intensifying its efforts to eradicate hog cholera from the state. Hog producers are hoping the two-month absence of the disease continues. A state must go 12 months without a case of hog cholera being confirmed before it can attain the hog-cholera free status. Although the last case was reported in July, quarantines continue in Nueces and Parker counties.

Nationwide, hog cholera has made an alarming comeback. During the first two weeks in September, a total of 25 hog cholera cases were reported; this compared with only one for the entire month in 1971.

A new drive and a new toughness toward hog cholera eradication is underway.

Texas is becoming one of the major pork producing states in the nation. It now ranks 14th in total hog numbers with an inventory of about one million head. Hogs and pigs on farms in the 10 corn belt states are now estimated at 46.5 million head, one percent below a year earlier and eight percent below 1970 levels.

Hog producers in the 10 states intend to farrow two percent more sows during September-November this year than in the same period a year ago. They expect to farrow seven percent more sows during the December 1972-February 1973 period than a year ago.

LIVESTOCK auctions in Texas report that sales were above a year earlier for cattle and calves, sheep and goats but below for hogs.

Cattle and calves marketed through auctions during August numbered 671,000 head; this is 15 percent above a year ago and eight percent above a month ago.

Sheep sales totaled 109,000 head which is 27 percent more than a year ago but 17 percent below a month ago. Goats sold totaled 46,000. This is seven percent above a year ago and 70 percent above last month.

Hogs sold totaled 48,000 head. This is 26 percent below a year ago and four percent above a month ago.

UP, DOWN, Unchanged. That's the summary for poultry production in Texas. The August hatch of egg-type chickens totaled 1,449,000; this is down 18 percent from a year earlier.

The August hatch of broiler chicks increased three percent from a year ago to total 15,645,000.

The total turkey poult hatch increased three percent but was 61 percent below a month ago. Total hatch is 288,000.

Egg production was unchanged from a year ago at 215,000,000. Nationwide, egg production was down one percent from a year ago. The average daily egg production in Texas for 100 hens was 61; the average nationwide was 61.8 eggs.

BE SURE and visit the Food and Fiber Pavilion at the State Fair of Texas this October 7 to 22.

This is the third year the Texas Agricultural Product program-TAP-will be in charge. Special entertainment is planned, you'll see fashion shows utilizing Texas natural fibers-cotton, wool and mohair-and special cooking demonstrations are also planned.

It's all aimed at acquainting all Texans with the abundance and the quality of Texas-produced food and fiber.

Jones Prairie

By Mrs. Bill Thweatt

The community was saddened at the death of Hope Jamison. The community extends their love and sympathy to the Jamison family.

Visitors in Mrs. Bill Thweatt's home over the week were Mr. and Mrs. T. A. Koeler, Mr. and Mrs. Billy Thweatt, Miss Peggy Thweatt, Jack Hays, Joy and Chuck Baker and Jackie Terhune of Cameron.

Mr. and Mrs. Thomas Hickman and Mr. and Mrs. Randy Blackmon and children of Waco visited Mrs. Willie Phipps Sunday.

Mr. and Mrs. Van Hickman of Houston visited Milton Weems and Mr. and Mrs. Jessie Hickman Saturday and Sunday.

Mr. and Mrs. Thomas Hickman and Mr. and Mrs. Randy Blackmon and children of Waco visited Mrs. Willie Phipps Sunday.

WESTERN CABLE T.V. NEWS

Thursday, October 12, 1972

800 TV Programs

More than 800 T.V. programs will be available each week with the cable service installed. The cable service will offer full network, independent, educational, FM, and local programming.

HEAD-END Bldg. Complete

The processing and special electronic equipment bldg. is now installed and complete. The building is temperature controlled to maintain a constant temperature for the sensitive equipment.

Cable Survey

Several Cameron residents were contacted concerning T.V. reception, program preference, channel received and interest in cable service. Over 50% indicated they wanted the cable service.

Installation of pole line anchors is now complete and contractors will be busy installing hardware and cable support wiring.

Installation of pole line anchors is now complete and contractors will be busy installing hardware and cable support wiring.

DON'T TAKE RURAL TEXANS FOR A RIDE... ..AND DON'T TAKE US FOR GRANTED.

HERE'S WHAT NIXON IS DOING TO RURAL AMERICA

WHEAT SCANDAL - Giant wheat exporters made huge profits at the expense of individual wheat farmers, many in Texas, on Soviet trade.

TAXES - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-off.

FARM ISSUES - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

CONGLOMERATE SCANDALS - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, 'The Republicans admire our government so much they want to buy it.'

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a 'dangerous radical' Senator McGovern is.

That's what they said about Harry S. Truman.

HERE'S WHAT MCGOVERN IS DOING FOR RURAL AMERICA

HIS STANDING - George McGovern has been elected time and again as a Democrat from a Republican farm state... because they know where he stands.

TAXES - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

FARM ISSUES - He sponsored and co-sponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts; Farm Credit Act; and other pieces of important legislation.

HIS BELIEFS - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern... and George McGovern needs us.

RURAL TEXANS NEED A DEMOCRAT.

RURAL TEXANS NEED MCGOVERN

pol. adv. paid for by Texas McGovern-Shriver Campaign Committee, Bob Armstrong and John White, Co-Chairmen, Austin, Tx 78703

South African Nurses Fighting Color Barriers

By Jeremy Toye

JOHANNESBURG
Living in what has been called "the last aristocracy in the world," most white South African children have a nurse or "nanny" -- and she is always black.

But when those children grow up, fall ill, go into a private hospital and are faced with a black nurse at their bedside, many of them object.

One result has been a warning from the director of hospital services in the Transvaal, Dr. H. A. Grove, that such institutions may be

closed down if they continue to use black nurses.

His directive, designed to bring private hospitals into line with state-run institutions and also in line with apartheid, was met with an immediate reaction from a number of nurses. They have

now formed what they call "a strong tight action group" to campaign against "a disgrace."

Organizer is Mrs. Irene McFadzean, a white nursing sister who resigned her post at the Johannesburg General Hospital to run the campaign.

Neither the fact of apartheid in hospitals nor complaints against it is new: the state-run hospitals have for years been either white or black -- increasingly so as new institutions are built.

On the other side, the South African Nursing Association (SANA) has been fighting for equal pay for black nurses

for more than 10 years. But several factors have given the issue new life.

A major one is that there have been increasing signs that insistence on whites nursing whites is hampering medical services.

David Epstein, the opposition united party's hospital spokesman in the Transvaal, says that in April, there were 1,146 white patients beds unoccupied in state-run provincial hospitals because of the shortage of nurses.

At the same time, the province was hiring 100 beds in private hospitals at about \$1.25 million a year, he says. In addition to costing taxpayers money, it was also causing suffering to "those who are ill and in need of hospital treatment but cannot gain admission to provincial hospitals."

ENGAGEMENT ANNOUNCED - Mr. and Mrs. Ira L. Burns of Route 1, Rosebud have announced the engagement and approaching marriage of their daughter Virginia Sue (Suzy) to Neil Rex Olson, son of Mr. and Mrs. Thomas Olson of Route 1, Rosebud. A November 25th wedding is planned in the First Methodist Church of Rosebud.

Personal Mention

Mrs. John Howard of Cameron is vacationing with her son and family at their home in San Diego, California and at their beach home on the Pacific Ocean.

Mr. and Mrs. Jack Tumlinson, Mrs. George Clark, Mrs. Bill Burns, Miss Jane Burns, and Miss Mildred Thornton were among the more than 1,000 attending the barbeque for Sen. John Tower in Georgetown last week.

Mr. and Mrs. J. P. Coward of Cameron and Mr. and Mrs. Johnie Schultz and Karen of Houston spent a week seeing places of interest in Memphis, Jackson and Nashville, Tenn. While in Nashville they enjoyed the Grand Ole Opry and Opryland USA.

Apple pie, milk
- THURSDAY**
Turkey and dressing, gravy
Cranberry sauce
Lettuce salad
Peaches, milk
- FRIDAY**
Fish and catsup
Blackeye peas
Carrot sticks
Milk, ice cream

30 Year Reunion For Yoe Class

The Yoe High School Class of 1942 held a reunion Saturday, October 7, at the Ponderosa Restaurant with thirty former classmates, their wives and husbands attending.

The color scheme and menu from the senior banquet of 1942 were used for the reunion dinner. Each place was marked with a small keepsake, a key chain engraved "Class of 1942 - 10-7-72."

Clarence Hanel, master of ceremonies, introduced the groups former teacher Miss Ada Margaret Smith who gave the invocation. He also recognized Ms. Gloria Halberdier Fortenberry who was in charge of plans for the reunion.

Following dinner a scrapbook with items of school day events and a picture album were passed around for each to recall the "good old days." Mrs. Fortenberry then showed slides of the 25th year reunion taken by Mr. Charles Brady.

ENGAGED - Mr. and Mrs. Alvin A. Eisfeldt of Cameron have announced the engagement of their daughter, Kay Ann, to Thomas Newton Johnson, Jr., son of Thomas Newton Johnson, Sr. of Cameron. The bride-elect is a 1972 graduate of Yoe High School and is employed at Safeway in Cameron. The wedding date has been set for December 9.

ALCW Has Quarterly Meeting

The ALCW of Abiding Savior Lutheran Church held its quarterly meeting on October 4, at 7:30 p.m. at the Church. Rev. John Homestead led the Bible study entitled "True Neighborliness" taken from the parable of the Good Samaritan.

Mrs. Franklin Glaser, president, presided at the business meeting. Officers for the coming year were elected as follows: Mrs. Franklin Glaser, president; Mrs. William Kelm, vice president; Mrs. Douglas Buck, secretary; Mrs. Arthur von Rosenberg, treasurer; Mrs. Willie Porubsky, secretary of stewardship; and Mrs. Ross Landmark, secretary of education.

Projects for the year were discussed and voted on. Mrs. Glaser announced that the fall workshop for the Waco Conference would be held at the Hope Lutheran Church in Buckholts on November 4.

Refreshments were served by the Mary Circle.

Review For Study Club

The Pleasure and Profit Club was entertained with memories from Kathryn Hart's Waterloo Scrapbook when they met at the home of Mrs. Robert Clark.

Mrs. Clark presented the program highlighting Austin's history.

Following the meeting the hostess served a salad plate, mints, iced tea and coffee to the eight members and one guest, Mrs. Sara Pittman.

Brashear Ends Alcoa Service

John W. Brashear, Jr. ended over 19 years' service at Aluminum Company of America's Rockdale Works upon his retirement this week.

Brashear, a native of Santa Anna, joined Alcoa in May of 1953.

He and his wife, Lorene, have three sons and a daughter. They are members of the Church of Christ and reside at 506 West 7th in Cameron.

It's A Plaid-Mad Fashion World

COLLEGE STATION
It's a plaid-mad world for fall -- adding new dimensions, built-in interest and excitement to the season's fashions.

"However, plaids are special fabrics -- they present a challenge to the homemaker but produce results well worth the extra effort," Clothing Specialist Mrs. Becky Culp of the Texas Agricultural Extension Service pointed out.

A plaid is a woven or printed pattern of stripes that cross at right angles, she explained. They may be spaced evenly, unevenly or repeated in sequence.

"An even plaid is arranged in the same sequence, both crosswise and lengthwise on the fabric, forming a perfect square."

"When the fabric is folded diagonally through the center of any repeat, spaces and colors of the plaid match in both directions."

"On the other hand, the spaces and colors of an uneven plaid fabric don't match in both directions when folded diagonally. Although

they may appear even at first glance, the plaids don't form perfect squares.

For best results in working with a plaid fabric, select a simple-designed pattern with a minimum of seams.

Check the pattern envelope to see if the garment is appropriate for plaids.

"If the envelope states 'unsuitable for plaids,' this means that seams can't be matched due to the garment design," Mrs. Culp continued.

"As a rule, if the garment is illustrated in plaid on the envelope, the pattern designer deems it particularly suited for plaids."

When purchasing a plaid, there are several considerations. First, choose a plaid in scale with the size of the person wearing it. The Texas A&M University specialist noted that a small person is overpowered by a large-scale plaid.

"Also consider the size of the plaid and the actual garment," she continued.

"For example, a suit or skirt generally looks better in a smaller plaid than a dress or coat since there is less area to complement the large, plaid design."

Remember to allow extra yardage to match the plaids. Usually the larger the plaid, the more widely spaced each repeat or the larger the pattern size, the more yardage is required.

With small plaids, she indicated about one-fourth to one-half extra yardage of

fabric is adequate to match the plaids, while large ones require one-half to one extra yards.

Again, refer to the back of the pattern envelope for information concerning additional yardage.

"When selecting a printed plaid, check that stripes of the plaid follow the grainlines of the fabric."

"If extremely off-grain, the fabric will not prove satisfactory made into a garment," Mrs. Culp said.

If the design is only slightly off-grain, the homemaker should match the plaids rather than the grain because the plaid is the more noticeable.

Don't try to buy a plaid from a small sample or swatch -- the illusion created by several repeats of one pattern may be much stronger than the single design.

"Before laying the pattern on the fabric, hold the fabric up to your figure in front of a mirror," the specialist instructed.

"Different effects can be created by the way the dominant stripes are positioned on the body. Avoid accenting figure faults."

Arrange and cut pattern pieces so the plaids will match at joining seamlines, not cutting lines.

"Do this by placing pattern notches of joining pieces on the same area of the plaid pattern."

"For example, a notch at the top of a repeat should match its corresponding notch at the top of the same repeat."

SISTER CHOCKTOW Indian Reader And Advisor FIRST TIME IN THIS AREA

This gifted reader will tell you everything you want to know without asking you a single question. She'll guarantee to help you with all problems: Love, Marriage, Business, Health and Happiness. Do not compare her with other readers. She can help you when others have failed. She will take you out of the darkness and bring you into happiness. You've seen her on TV - You've heard her on the radio, NOW see her in person. Drive a little ways and see how much it pays to see Sister Chocktow.

Milam Baptist Association To Hold Annual Meeting

Living the Spirit of Christ in Faith and Conquest will be the theme for the 54th Annual Meeting of the Milam County Baptist Association, to be held at the First Baptist Church of Rockdale on October 19th.

Beginning at 2 p.m., the afternoon session will feature, among other reports, those of Art Little, manager of the Highland Lakes Baptist Encampment, and Dr. Bob Campbell of Howard Payne College.

The afternoon session will close with the annual sermon, brought this year by Rev. Dean Evans, pastor of the Mt. Zion Baptist Church of Rockdale.

The host church will serve supper at 6 p.m., followed by the evening session at 7 p.m. Highlights for the evening session include the report of Area Mission, Rev. James O. Morman, and a message by Phil Strickland of the Christian Life Commission, Baptist General Convention of Texas. Strickland, a 1966 graduate of the University of Texas Law School, was very active in legal and governmental circles prior to his association with the Christian Life Commission.

Bob Wimberly, moderator for the Association, noted that an interesting feature of both sessions will be a brief report by laymen from all the churches on "What God Is Doing in Our Church."

The Annual Meeting of the Milam Baptist Women's Missionary Union will begin at 12:30 p.m., immediately preceding the afternoon session.

Obituaries

Nabours Clinard

Mrs. Jerry Nabours, 76, of Rt. 3 Rockdale died in a local nursing home at 6:30 p.m. Monday. She was born Sept. 13, 1896 in the Tracy Community in Milam County.

Funeral service was held at 2 p.m. Wednesday at Marek-Burns-Laywell Funeral Home, Rev. Calvin Beckendorf and Rev. Alvis Coleman officiating. Burial was in Oak Hill Cemetery.

Surviving are her husband, Jerry Nabours; one son, Hilry Nabours of Abilene; a brother, Ray Green of Rockdale and two sisters, Mrs. Floyd Mullinax of Galena Park and Mrs. Roy Armstrong of Temple.

Mitcham

Jessie Carl Mitcham, 76, of Freeport and formerly of Cameron died Sunday in a Freeport hospital. He had been in failing health for several weeks.

Mr. Mitcham lived in Cameron and Davilla until 20 years ago when he moved to Freeport. He was married to Miss Millie Marie Parker in 1926. He was a member of the First Christian Church of Freeport.

Funeral was held at 2 p.m. Tuesday at Phillips and Luckey Funeral Home in Rockdale, the Rev. Ralph Sell officiating. Burial was in the Sharp Cemetery.

Surviving are his wife; a daughter, Mrs. A. J. Moore of Freeport; a brother, Chessley Mitcham of Arizona; a sister, Mrs. Verdie Cryer of Sharp; and one granddaughter.

Gann

Willie Eugene Gann, 83, of Dallas, died in a Euless hospital Thursday evening following a long illness.

Mr. Gann was born in Milam County December 10, 1888 the son of William Gann and Clara Bollinger Gann.

Funeral service was held at 2 p.m. Saturday in the chapel of Green Leroy Wild officiating. Burial was in the Marlow Cemetery.

Surviving are two brothers, Lloyd Gann of Dallas, Elmo Gann of Anaheim, Calif., one sister, Hattie Burnett of Memphis, Tenn.

Watercolor Society Charter Members

A Central Texas Chapter of the Southwestern Watercolor Society was recently organized. Bud Biggs of Dallas, well known artist, teacher, co-founder and past president of S.W.S. presented a very successful lecture and demonstration to eighty prospective members and guests at the Georgetown Inn, Georgetown.

Guy Kirkpatrick, president of S.W.S. headquartered in Dallas, was present to explain the S.W.S. program and plans of the future.

Artists from Austin, Johnson City, Georgetown, Taylor, Killeen, Temple, Clifton and Waco became charter members of the Central Texas Chapter of Southwestern Watercolor Society at this first meeting. Charter memberships will be available until December 31, 1972. For artists residing in the Central Texas area, the annual dues of \$15 paid now will be current until January 1, 1973.

Growing up

Look at your lanky, teen-age son! It's hard to believe that he once wore these shoes. It seems only yesterday that he was a baby, yet he himself is the best testimonial that the years have passed. Now he stands almost as tall as you. He is a fascinating maze of contradictions—an eager, lovable youngster one minute, a scowling, angry adolescent the next.

It takes patience to understand a teen-ager—patience, and a lot of love. Though he strives to be adult, he is still a boy. Though he clings to childhood, he is almost "grown-up." You may not always be aware of it, but he still looks to you for many things. And he sees in you an example that he will, almost unconsciously, follow in many ways.

Are you setting a good example? How about church, for instance? If you haven't been going lately, start again next Sunday for your son's sake, as well as your own. And don't forget to take him with you!

Badgers Continue Winning Streak

The Buckholts Badgers rapped the Abbott Panthers Friday night to continue their perfect 4-0 record.

The Badgers got on the board first and never let up as they rolled over Abbott 70-47.

Larry Orsag passed to Ray Homeyer from 44 yds. out and the first score. Orsag ran for 18 yds. to pick up the second score.

Orsag passed to John Tomascik for Buckholts' third score. Dale Walzel passes to Orsag for the extra point.

Orsag passed to Walzel for a one yd. touchdown pass in the second quarter. The PAT failed.

Abbott came right back when Carl Simmons scampers in from ten yards out. Paul Simmons ran in the extra point.

The Orsag-Walzel combination clicked again for two more TDs in the second quarter on 19 and 44 yd. scoring pass plays. The PAT failed on the first score but Walzel passed to Orsag for the point after on the second score.

Orsag got the points right back on a five yd. run. Walzel made the extra point.

Orsag ran the next Buckholts score in from 9 yds. Buckholts held a 51-40 advantage after three quarters.

Orsag started the fourth quarter with a 40 yd. scampers for a TD.

Orsag pitched a pass to Early Webb and Glenn Roessler for the final six pointers of the night.

SCHIGUT'S

Boy Scouts Ready For District Camporee

Approximately 85 Boy Scouts and adult leaders will vacate comfortable, air conditioned surroundings this

weekend (Oct. 13-14-15) in favor of "roughing it" in the woods alongside Lake Somerville.

Doors Of Yoe

By Marilyn Hauk

Last week the students of Yoe High engaged in the traditional activities before Homecoming.

Monday night a pick-up full of energetic wood collectors made a trip out to Salem to collect a load of wood for the bonfire. The scene resembled one of olden days on a pirate ship, for the crew committed mutiny because of unsafe driving conditions. After much deliberation all but two came to their senses (or realized it was cold). Ciny K. and friend, was the walk back refreshing?

Tuesday night the bonfire looked as it might have turned out to be the largest one in history. Someone took

care of that and the sky was touched with a red glow as the bonfire burned two days ahead of schedule.

On Thursday the Yoe High Band made a mad search for some helium. Plans included each band member marching with helium filled balloons and sending them skyward as the Homecoming queen was announced. These plans were foiled by the fact that helium is not available locally. Instead they filled balloons and decorated the stadium. Many thanks to Mac's Oil Company for use of the compressed air.

Several students stayed long after the others went home Friday afternoon. Jan Burke, Sarah White, Janet Miller, Rose Eichenhorst, or Connie Brashear, How 'bout a balloon?

The occasion is the annual Tejas District Camporee, starting Friday evening and concluding Sunday noon. Ted Randall, Tejas district camping committee chairman, is in charge of the fall campout. He will be assisted by Ron Derry, district Scout executive, and several other volunteer district officials.

Randall estimates a turnout of 75 Boy Scouts and 10 adult leaders from the Milam, Falls and Robertson County area that make up the Tejas district. He said that eight Scouting units had registered through Monday and predicted that the count will rise to 10 by Friday evening.

The 1972 camporee is scheduled by Birch Creek Park on Lake Somerville. Scout units should arrive as close to 5 p.m. Friday as possible, Randall said. He said each troop will be assigned to a designated camp site on a first-come, first-served basis.

Highlights of the weekend event will be the skill-o-rama contest from 1:30 to

4 p.m. and campfire festivities at 8 p.m. both slated for Saturday.

The skill-o-rama includes competition by patrols in a tug of war, nature scavenger hunt, compass reading

string burning, chariot racing and a hot isotope event.

Religious services will be available at the camporee both Saturday and Sunday.

Western Menu Offered At Fair

DALLAS

Visitors to the State Fair of Texas which opened Saturday were literally able to taste, smell, feel and see memorabilia of Western culture at a new feature introduced to the fair this year.

It's Marlboro Country, an exhibit which includes authentic range food prepared on the tailgate of a chuckwagon after being cooked over an open fire and an exhibit of western art photographs and historical objects culled from the Cowboy Hall of Fame and other sources.

USS JOHN F. KENNEDY

Navy Petty Officer First Class Alfred B. Rydell, son of Mrs. M. F. Rust of Thorndale, Tex., participated in Exercise "Strong Express" off the coast of Norway aboard the aircraft carrier USS John F. Kennedy.

"Strong Express" is the largest combined land, sea and air exercise ever held by the allied countries of the North Atlantic Treaty Organization.

LUCIO SANCHEZ

FT. POLK, La.

Army Private Lucio B. Sanchez Jr., 19, whose parents live in Cameron, completed today an administrative and personnel management course at Ft. Polk, La.

He was trained in the preparation of military records and forms. Instruction also was given in the fundamentals of the army filing system, typing and operation of office machines.

Pvt. Sanchez entered the army last April and completed basic training at Ft. Polk.

He is a 1972 graduate of Yoe High School.

SAMUEL PAGE

CAMP PENDLETON

Marine Sergeant Samuel Page, son of Mr. and Mrs. Dorris S. Page of Rockdale was promoted to his present rank while serving at the Marine Corps Base, Camp Pendleton, Calif.

CARD OF THANKS-

We wish to express thanks to
our many friends and neighbors
who have expressed their sym-
pathy during our sorrow. Es-
pecially, we wish to thank those
who remembered us with food,
flowers and messages of sym-
pathy.

The family of
Mrs. Georgia M. Goodwin

The family of Houston B. Hard-
man gratefully acknowledges with
deep appreciation your kind and
grateful expressions of sympathy
in their bereavement.

Mrs. Annie Hardman &
Family

We, the family and loved ones
of Adolph Kretschmar, were
comforted by so many friends
and neighbors who expressed
sympathy and stood by us after
the sudden death of Mr. Kret-
schmar.

We express thanks for words,
notes and cards of sympathy,
food, flowers and other expres-
sions of respect for Mr. Kret-
schmar and sympathy for his fam-
ily.

May God bless all who extend
hand and heart to us even as He
continues to comfort us.

Mrs. Theresa Kretschmar &
Children
Mrs. Hermine Kretschmar

NOTICE-

THE STATE OF TEXAS
COUNTY OF MILAM
NO. 820

NOTICE is hereby given that
a hearing will be held on the
17th day of October, 1972
at 9:00 a.m. in the County
Court at the County Court-
house of the above named
County in Cameron, Texas
on the application of the here-
inafter named owner for a
license to sell beer at retail
at a location not heretofore
licensed. The substance of
said application is as follows:
1. Type of license or permit
change of address for Beer
Retailer's Off-Premises Li-
cense

2. Exact location of business
705 North Travis, Cameron,
Texas
3. Name of owner or owners
W. C. Keith, Jr.
4. Assumed or trade name
Keith's Minimax

Any person shall be permit-
ted to contest the facts stated
in said application and the
applicant's right to secure
said license or permit upon
giving security for costs as
provided by law.

WITNESS MY HAND this the
10th day of October, 1972.

SOME STRAIGHT TALK ON FOOD PRICES!

22.2% In 1950

16.3% In 1971

Yes, food prices have gone up. But the average American's paycheck has gone up faster. Result: you spend a smaller percentage of your paycheck for food than ever in history. In 1947 Americans spent 25% of their paycheck for food. By 1950 this had dropped to 22.2%, by 1959 to 20%, and in 1971 food expenses took only 16.3% of the average American's paycheck. That's amazing progress when you consider that many people of the world spend up to 70% of their income for food.
